In recent years, legal education has become most attractive to both the students and parents. Thus, all the law campuses/colleges (12 campuses) of different universities in Nepal have top competition to get enrolment. The Nepal Open University has also been offering LL.B programme from last year. There are few reasons to have huge pressure in legal education, these include:

- To acquire knowledge of law
- To be recognized as legally aware and a civilized citizen in the society
- To involve in legal profession (judge, lawyer, law professor, legal researcher, diplomat, etc.)
- To be qualified for promoting as chief of quasi judicial body/office
- To be a successful politician and administrator

I, therefore would like to suggest to SEE graduate students to study law for making wide range brighter future carrier. Kathmandu Model Higher Secondary School (KMHSS) is one of the top ranked academic institution in Nepal which is successful to implement its motto “academic excellence through quality education”. It is committed to maintain its top ranking position in legal education too. I would like to suggest to join KMHSS for quality legal education. I feel proud to be an academic advisor of KMHSS.
